

➤ "I needed someone to treat my pain, not just cover it up!"

For 10 years, I have suffered with neck pain from an accident. I have tried pain management but the relief was only TEMPORARY. Sleeping was even painful! I was told that surgery was the only option. SURGERY IS NOT FOR ME!

My daughter recommended Scenic Health Alliance. That was four months ago & now...

I feel like a NEW PERSON!

Things you should know after being involved in an accident:

- ✓ The amount of visible damage to the vehicle does not reflect the amount of damage done to the body!
- ✓ The majority of auto injuries are soft tissue in nature, so it is important to be examined by a chiropractic physician who is adept at treating soft tissue and structural injuries.
- ✓ The longer you wait to get care, the longer your injuries may take to heal.
- ✓ Injuries & Symptoms of Whiplash
 - neck pain
 - muscle stiffness
 - headaches
 - numbness and tingling
 - back pain
 - difficulty sleeping
 - irritability
 - arm pain/numbness
