

Sciatica & Leg Pain

Scenic Health Alliance may help to REDUCE & RELIEVE your sciatica & leg pain!

You may have sciatica if you are experiencing:

- ⇒ numbness,
- ⇒ tingling,
- ⇒ & weakness in the legs.

An estimated 300,000 Americans per year undergo surgery to relieve the symptoms of sciatica - you don't have to be one of them!

(JAMA. 2006;296:2441-2450.)

Sciatica is a severe pain in the leg caused by compression, irritation, or inflammation of the sciatic nerve.

We may be able to relieve your sciatica by finding the location of nerve irritation and relieve the pressure on the nerve, allowing the body to heal itself naturally using:

- ⇒ Spinal Manipulation
- ⇒ Axial Decompression Therapy
- ⇒ Physical Therapy
- ⇒ Cold Laser Therapy

Our doctors will determine the true causes of your discomfort and pain, discuss the findings with you and determine the best treatment plan. Call to schedule your free consultation today!*
