Your pain and symptoms may be caused by a recent accident or one that has happened some years ago. No matter the case, we may be able to help! **The amount of visible damage to the vehicle does not reflect the amount of damage done to the body!** Sometimes auto accident injuries are hidden and seldom detected for months or even years.

It is important to be examined by one of our doctors who are highly trained in treating soft tissue injuries. Call to schedule your free consultation today!

Remember...

- ➔ The longer you wait to get care, the longer your injury may take to heal.
- ➔ Immediately after an accident, use ice on the injured areas and call to make a same day appointment.
